## **Step 1: Picking A Card From The Greeting Card Catalog at [www.SendOutCards.com](http://www.SendOutCards.com)**

Welcome! You now have 1000s of cards to choose from all from the comfort of your home, office, school, or anywhere you can get online.... 24 hours a day, 365 days a year!

Click this link to view a short video and more details on [how to pick a card from our Send Out Cards System.](#)

[Create Your Free Sample Send Out Cards Gift Account](#) by clicking on the “[Try It Free](#)” Tab on the toolbar. Simply create your personal Username and Password to begin.

Once Your Free Sample Gift Account is created, visit our main website at [www.SendOutCards.com](http://www.SendOutCards.com) to log in and use the system.

In your Free Sample Gift Account, click on the “Edit Personal Info” button to add your “Personal Information”. Note: This will be used as the return address on your greeting card envelopes or postcards, so be sure to capitalize correctly.

The Send Out Cards system works on a point system. You will see that your Free Gift Account has automatically been set up with 6 points.

Each regular folded greeting card with an envelope takes 2 points to create, and First Class Stamp.

Postcards sent with the Send Out Cards system are oversized, so they require first class postage stamp, but only cost you 1 point.

You can even add 1 to 4 pictures to your greeting cards or postcards for only 1 point!

Each point equals 49¢, so each beautiful greeting card is only 98¢, which is much less than you’d ever find in a card store for the same quality!

When you get your Free Sample Gift Account from SendingCards123.com, your account will funded with 6 points and given an expense account large enough for 2 first class U.S. stamps.

To summarize, the 6 points in Your Free Sample Gift Account will cover sending 2 folded greeting cards with pictures in each and a real stamp on each to send them through the USPS.

Now you're ready to send your greeting cards! Simply click on the Card Catalog to display all of the different categories available. When you click on your category of choice, you will then see a drop-down menu with sub-categories for specific options.

Once you choose your special greeting card, you can click on "Larger Preview" to see your card in a larger format. If that is the card you want to send, just click the "Create Card" icon under the thumbnail picture of the card and the inside of the card will then be displayed. If you want to keep looking for another card, simply hit your Back Button. If you wish to send a postcard, simply click the "Create Postcard" icon under the thumbnail picture of the card.
